Logo	Description	Logo	Description
EMERSON	Industrial Controllers (PAC), Edge Devices and IIOT Control, Industrial PC's, VFD's, Automation and SCADA Software (Movicon), Servo Motion and Safety Control	BANNER	Sensors, IIOT Solutions, Industrial Wireless & Smart IO, Advanced LED Solutions, Machine Safety Controllers and Interlocks
TURCK	Sensors, Connectivity Technology, Fieldbus, Interface Technology including Human Machine Interfaces (HMI) and RFID Systems	KOLLMORGEN	Precision Motion Control, Servo, Stepper, Multi-Axis Control, Direct Drive, Gearboxes, Stages, Rails, Bearings, and Frame Motor
RED LION	Ethernet solutions, N-Tron Switches, Controllers, HMI & Panel Meters, IIoT Solutions, and Protocol Converters	WireCrafters	The Nation's Leading Manufacturer of Machine Safety Guarding Systems with Integrated Interlocks, Wire Cages, and Wire Partitions.
Stratus	Status Fault Tolerant servers deliver five nines (99.999%) and greater uptime	HORNER AUTOMATION GROUP	Global leader in industrial automation and LED Lighting, and all-in-one Controllers.
FORTINET	Integrated cybersecurity platform with a rich ecosystem. Enables consistent security across the extended digital attack surface.	PULS	DIN-Rail switched-mode Power Supplies, Single & 3-Phase AC/DC, DC Converters, AS-I & Buffer Modules
FORTRESS	Tailored safety solution from the specialist in automation safety and interlocking	THOMSON Linear Motion. Optimized.	Profile and Round Linear Motion products, Lead and Ball Screws, Electric Precision Actuators
Eurotherm by Schneider Electric	Temperature Controllers, Power, Controls, Process Control Systems	TOPWORX	GO Leverless Limit Switches, Field Networking Solutions, and Valve Indication, & Wireless Position Monitors
QCI QuickSilver Controls, Inc.	High Performance, Cost-effective Motion Controls, Servo Controllers and Motors for OEM Market	pyromation beyond measure	Thermocouples, RTDs, Instrument and Thermocouple Extension Wire
ARISTA IPC / ADVANTECH	Industrial Thin Client Hardware and Industrial PCs	ENCODER PRODUCTS COMPANY	Incremental and shaft encoders - including Opto-ASIC technology, flex mounting, Motor Control Applications.
