TMMi

Smart Industrial Automation Solutions

Sense it. Move it. Control it.

Industrial Interfaces

Edge Devices

Industrial Computers

Human Machine Interface (HMI)

Industrial Displays

Sensors

Position Sensors

    Inductive, Capacitive,

    Photo Optic, Laser

Pressure Sensors

Measurement Sensors

    Laser, Radar, Ultrasonic

Temperature Sensors

Vibration Sensors

Humidity Sensors

Ethernet Solutions

Network Security for Operational Technology

    Enterprise Wide Solutions

    Endpoint Security

Unmanaged Switches

Manages Switches

Routers

Power over Ethernet (PoE)

On Machine Solutions

Modbus   IO-Link   EtherNet/IP   PROFINET   PROFIBUS   EtherCAT

Connectivity

Cordsets
Custom Cordsets
Receptacles
Splitters
Junction Boxes
Field Wireable Connections
Bulk Cable

Safety

Safety Interlocks
Safety Controllers
Machine Controls and Permissions
Fluid Power Safety
Machine Guarding
Intrinsic Safety

Industrial Control

Edge Devices
Remote Monitoring Solutions
Industrial PLC Control
Remote IO
On Machine IO
Safety Control
Safety IO

Robotics

Gantry Systems
Robotic Arms
    Integrated Vision
Grippers
Lifts
Mounting

Motion Control

Servo Motors and Drives
Stepper Motors and Drives
Variable Frequency Drives (VFD)
Linear Actuation
Motors with Integrated Controllers
Encoders
Gearboxes
Ballscrews, Profile Rail, Bearings

Distribution Products

EMERSON

Movicon
PACSystems
Asco
Topworx

Industrial Controllers (PAC), Edge Devices and IIOT Control, Industrial PC's, VFD's, Automation and SCADA Software (Movicon), Servo Motion and Safety Control. Topworx GO Leverless Limit Switches, Valve Indication and ASCO Fluid control solutions

---

TURCK

Sensors, Connectivity Technology, Fieldbus, Interface Technology including Human Machine Interfaces (HMI) and RFID Systems

KOLLMORGEN
A REGAL REXNORD BRAND

Precision Motion Control, Servo, Stepper, Multi-Axis Control, Direct Drive, Gearboxes, Stages, Rails, Bearings, and Frame Motor

---

STANDARD BOTS

The new standard for robotics. Making hardware and software solutions that push collaborative robotics forward.

WireCrafters

The Nation's Leading Manufacturer of Machine Safety Guarding Systems with Integrated Interlocks, Wire Cages, and Wire Partitions.

OnRobot

The right EOAT and end effectors; grippers, sensors and tool changers for your production.

RED LION

Ethernet solutions, N-Tron Switches, Controllers, HMI & Panel Meters, IIoT Solutions, and Protocol Converters

---

BANNER

Sensors, IIOT Solutions, Industrial Wireless & Smart IO, Advanced LED Solutions, Machine Safety Controllers and Interlocks

HORNER AUTOMATION GROUP

Global leader in industrial automation and LED Lighting, and all-in-one Controllers.

THOMSON Linear Motion. Optimized.™

Profile and Round Linear Motion products, Lead and Ball Screws, Electric Precision Actuators

Delta Line

Brushed and Brushless DC motors Servo & Stepper motors and drives Motors w/ integrated controllers Custom motion solutions

---

FORTINET

Integrated cybersecurity platform with a rich ecosystem. Enables consistent security across the extended digital attack surface.

ENCODER PRODUCTS COMPANY

Incremental and shaft encoders - including Opto-ASIC technology, flex mounting, Motor Control Applications.

Stratus

Status Fault Tolerant servers deliver five nines (99.999%) and greater uptime

PULS

DIN-Rail switched-mode Power Supplies, Single & 3-Phase AC/DC, DC Converters, AS-I & Buffer Modules

---

FORTRESS

Tailored safety solution from the specialist in automation safety and interlocking

pyromation inc beyond measure

Thermocouples, RTDs, Instrument and Thermocouple Extension Wire

---

ARISTA IPC
ADVANTECH

Industrial Thin Client Hardware and Industrial PCs

TMMI – Remote Monitoring Solutions
Enterprise-Wide Remote Monitoring Solutions Simplified
